THE ROAR RAINBOW RETURNS

This morning saw the re-launch of our ROAR mental health approach celebrated with children dressing in all colours of the rainbow and cheerful bouncy music. The children have enjoyed mindful activities and discussed lots of ways to build resilience. Year 3 and Year 4 children have been invited to apply for one 30 ROAR Rocket positions. Successful applicants will be our “resilience champions” on the playground and, following their training sessions, will offer a listening ear and help others with finding friends to play with. We are always delighted with the aspiration and enthusiasm of our children who put themselves forward for roles of responsibility and just wish we could give a place to all of them. It was also great to see so many parents participating in bright colours and enjoying the start to the day.
