CELEBRATION TIME AGAIN FOR OUR READING CHAMPIONS

Year 3 and Year 4 children with their certificates
from this years Summer Reading Challenge

Norwood were delighted to present the Summer Reading Challenge certificates to those children who had joined the reading scheme "Marvellous Makers" over the Summer holidays and read six library books. Other news for the children was that by doing this challenge, they had earned themselves 10 credits for Children's University!

If your child undertook the challenge and did not receive a certificate, please contact Southport library.

TAKE UP OPPORTUNITIES AND COLLECT CREDITS FOR CHILDREN'S UNIVERSITY

Last week, the children had a special assembly explaining how Children's University works at Norwood. Your child should also have received a certificate acknowledging how many credits they currently have, whether this is from clubs inside or outside school.

Children's University is a national scheme to encourage children between 5 and 14 years to try new experiences, develop new interests and acquire new skills outside of the school day - voluntarily!

Norwood has been involved in supporting this programme for a number of years and this culminates in the Summer term with Year 2 and Year 6 children 'graduating' in a superb and memorable ceremony at Edge Hill.

While all the clubs that children go to in school are added in every half-term the outside school activities and visits can be recorded using a "Passport to Learning" available from the office at a cost of £4.
