### **Transition**

As Summer holidays are nearly upon us, we have been doing everything that we can to support your child's transition into their next class.

Coming home with your child before Summer will be a Countdown Calendar as well as a Social Story which will hopefully prepare your child prepare for the return to school.

**As part of our commitment to inform parents and carers about our work at school, we wanted to share with you an update report on our work for children with Special Educational Needs.**

**Norwood  
Primary  
School**

### **PATH Plans**

Your child's current class teacher should have now had a meeting with you to discuss your child PATH plan. You should have received a copy of this after the meeting. If you need a copy, please contact your child's current class teacher.

This will be shared with next year's class teacher to help support transition and ensure that suitable support is put into place.

### **SEND Webpage**

Please keep an eye on our SEND webpage on our Norwood Website which is updated regularly.

There are lots of links to workshops that were held during lockdown that may be beneficial over the summer holidays. For example there are workshops on Our Daily Routine at Home, Mood Movers and Sensory and Messy Play

<http://www.norwoodprimaryschool.com/page/special-educational-needs-and-disability/33798>

### **Interventions**

As a whole-school focus over the next academic year, we will continue to be targeting a lot of our interventions at Reading which will be supported by the new reading books that school has purchased for Key Stage 2.

As a staff, we are extremely excited about developing a love of reading in our school and can not wait to see the impact this will have on our children.

We ask that you support us at home to keep reading as much as you can at home with your child, even over the Summer holidays.

**If as parent or carer, you feel like you would need more support with helping your child read, please get in touch with your child's class teacher or Mrs Brookfield, SENDCo .**
